FARMERS!

READ the following remarkable testimony from recent settlers in Manitoba
of what can be accomplished there.

WINNIPEG, DECEMBER 21st, 1887.

J. H. McTAVISH, Esq., LAND COMMISSIONER,

C. P. R. WINNIPEG.

DEAR SIR,—It may be interesting to you to know the result of our farming operations during the past season, upon land in the vicinity of Winnipeg, which is so often reported to be valueless and non-productive, as farming land.

On the 24th of May we purchased 430 acres of land near Rosser Station, within 15 miles from Winnipeg, in a district in which there has hitherto been very little or no cultivation. We paid \$7,500.00 for the property, the buildings on it alone (erected by an English "gentleman farmer," whose funds gave out) being worth that amount, consequently the land itself stands us nothing. The farm had not been cultivated with the exception of 70 acres, for several years, and was consequently in a nearly wild state, having grown up to weeds, etc.

On the 27th of May last we commenced ploughing, followed up at once with the seeders, sowing at the rate of $2\frac{1}{2}$ bushels per acre of wheat, and $3\frac{1}{2}$ bushels per acre of oats.

On the 380 acres broken by us, the following division of crops was made:

36 acres Wheat,
94 " Barley,
250 " Oats,

In addition to the above, our vegetables were put in a piece of land containing 32 acres which had been cultivated, the acreage for which variety, being:—

14 acres	Potatoes,
16 "	Turnips,
1 "	{ Beets, Cabbage,
1 "	{ Onions, Carrots, Radishes.

Our returns upon the above acreage were as follows:—

Wheat (graded No. 1 hard)	900 bush. sold in Winnipeg, at	57c. per bush.	\$ 513.00
Barley (sold to Brewery for malting) ..	1900 "	" 40c.	" 760.00
Oats.....	12750 "	" 25c.	" 3187.50
Potatoes	3000 "	" 25c.	" 750.00
Beets	50 "	" 50c.	" 25.00
Onions	50 "	" 1.25c.	" 62.00
Carrots	50 "	" 50c.	" 25.00
Radishes	50 "	" 40c.	" 20.00
Turnips (retained for own use)	6000 "	" 12.5c.	" 750.00
Cabbages " "	1600 head	" 3c. each	" 48.00
Hay (cut alongside farm)	300 tons	" 4.00 per ton	" 1200.00
			\$7,341.00

We would particularly call your attention to the very late date upon which we began our work, our harvest having been done during the first week in August, a little over 2 months after seeding.

Yours truly, (sgd.) EGAN BROS.
PER EDWARD EGAN, Corner Graham and Garry Sts., Winnipeg.

P. S.—You are doubtless aware that this is our first attempt at farming, our business being Railway Contracting, and, considering this fact, I feel that we have done remarkably well, as barring our own work (we did not hire any labor) we realized enough from one crop to pay the original price of the land, and have now the valuable property to the good, and our success this year has decided us to adopt farming in Manitoba as our future calling.

Tell this, if you like, to the suffering farmers of Ontario, and if your story is doubted, refer them to me and my brothers.

E. E.

We can produce any other TESTIMONIALS like the foregoing one, where purchasers have paid for their farms in one and two years.

200 Improved Farms for Sale by
D. A. ROSS & CO., WILLIAM STREET.

Several Reasons Why Intending Purchasers Should Call on us Before Buying Their Farms.

We have constantly been inspecting lands for four Loan Companies for the past 12 years, and know all the lands within a radius of 50 miles from Winnipeg, personally. We have seen those lands both in wet and dry years and know what are liable to be flooded, should it come wet again. All our lands have been personally inspected and will guarantee them as represented.

We are sole agents for the sale of lands of four Loan Companies and can consequently give you better value in improved farms than any other agents in the city. We have sold parties improved farms who have paid for them from proceeds of first and second crop, (see testimonial of Egan-Bros., opposite page).

We keep over 200 improved farms on our books at all times. These farms are all ready for a man to move right on and begin farming at once, thereby saving the cost of hotel bills and expenses in locating on wild lands.

We make a specialty of large blocks of lands for colonization purposes where several families can settle together.

UNIMPROVED LANDS.

Township 2, Range 2 and 3 East.

We have in this township about 2,000 acres of good farming land, either for grain raising or mixed farming, close to the town of Emerson.

Tp. 2, Ranges 3 and 4 East.

These townships are nicely situated, with the river Au Roseau running through them, and the thriving little town of Dominion City near the centre. Plenty of good wood and water. Over 3,000 acres for sale from \$3 to \$4 per acre.

Tp. 3, Range 3, 4 and 5 East.

The soil in these townships is of first quality with a gradual slope to the Rosseau River. Some fine hay marshes run in a northerly direction across these townships and make them valuable for stock raising or mixed farming. Any person desiring a good cattle ranch can find no better place for stock raising in the Province. Plenty of good timber for shelter. We have over 8,000 acres from \$3 to \$6 per acre.

Tp. 4, Range 2 East

This township is well adapted for mixed farming. Some fine rolling prairie, interspersed with hay meadows. Several ravines run across this township and drain the easterly half. We have over 5,000 acres for sale, from \$2 to \$5 per acre.

Tp. 4, Range 4 and 5 East.

We have in these townships 2,400 acres of cheap lands for grazing purposes only.

Tp. 5, Range 1 East.

This is one of the finest townships in Manitoba. The river Aux Gratiæ runs through it in a southerly direction. The thriving town of Morris is situated in it, having churches, schools, stores, etc., of every description, also two grain elevators at station on C. P. R. southwestern division. We have some nice improved farms here, well worth the consideration of any intending purchasers. Price given on application.

Tp. 5, Range 2, 3 and 4 East.

Ranges 2 and 4 east are well adapted for grain raising, having the Red River on the west, the river Marais in the centre and the Rat River on the east, draining them thoroughly. Some of the finest prairie lands in the Province lie around these rivers : also some fine poplar, oak, elm and ash timber all along the different rivers. In these townships we have 6,000 acres, from \$3 to \$6 per acre.

Tp. 6, Ranges 3 and 4 East.

These townships are well adapted for agricultural purposes. The land in most cases is high rolling prairie, having the Rat and the Marais rivers running through them, with Otterburne station near the centre. They are well settled along the Rat River ; convenient to schools, churches, stores, etc. We have 4,000 acres for sale in these townships, from \$3 to \$7 per acre.

Tp. 7, Ranges 1 and 2 East.

We have in these two townships 2,000 acres of land to sell cheap.

Tp. 7, Range 3 East.

This township is well suited for agricultural purposes. There is considerable timber to the south end and along the Rat river. It is well drained by several coulees running through it. We have some very desirable farms to sell cheap and on easy terms.

Tp. 8, Ranges 1, 2 and 3 East.

These townships have excellent fertile soil, specially adapted for grain raising in large quantities. A fine belt of oak and poplar timber along the river Salle, a river running from east to west, and effectually draining all the land in the three townships. La Salle station, on the C. P. R. southwestern division, is situated near the centre, and is only 17 miles from Winnipeg. We have over \$11,000 acres for sale in these townships, from \$3 to \$10 per acre.

Tp. 8, Range 4 East.

We have 2,500 acres for sale in this township, which is well adapted for mixed farming.

Tp. 9, Ranges 1 and 2 East.

Is situated immediately southwest of Winnipeg, and contains some very desirable farms for mixed farming and grazing purposes. It is a very desirable locality, situated so near to Winnipeg. We are offering 7,200 acres in small or large blocks, and on easy terms of payment, from \$5 to \$10 per acre.

Tp. 9, Range 4 East.

This township is well adapted for stock purposes, having the river Seine running through it, which is fringed with a belt of poplar and oak bush, giving plenty of shelter for stock. Large quantities of good hay can be cut here any year, wet or dry. For stock purposes this is one of the very best parts in Manitoba, situated 12 miles south-east of Winnipeg, with St. Norbert station on west side. We have 3,600 acres for sale, from \$2 to \$4 per acre.

Tp. 9, Ranges 5 and 6 East.

The northerly half of these townships is well adapted for farming purposes, having a rich clay soil, and is situated southeast of Winnipeg, convenient to good heavy timber. We are offering 3,600 acres here cheap and on easy terms.

Tp. 10, Range 4 East.

Is situated directly east of Winnipeg and contains a large amount of high rolling prairie, interspersed with valuable hay meadows. There is a fine graded road on the north side, leading direct to Winnipeg, with a large drain on the side of grade which drains the whole country. This is a very desirable locality, and intending purchasers should see it before purchasing elsewhere, as they can make two trips into Winnipeg in a day with their produce. We have 3,600 acres, from \$3 to \$10 per acre in this township,

Tp. 10, Range 5 East.

This township is situated as the previous one, east of Winnipeg ; has an open, slightly rolling surface, with some very fine hay meadows, and is an "A 1" township for farming purposes, either grain or mixed farming. Has a good graded road to Winnipeg ; well supplied with schools, churches, stores, etc. ; has a good cheese factory on the north side, where a promising young village is now being started. We are offering some good improved and unimproved farms here, cheap, and on easy terms.

Tp. 10, Range 5 East.

This township is situated 15 miles east of Winnipeg, with a good graded road to city. The northerly half of this township is high rolling prairie with a soil of first quality, and is well adapted for either grain raising or mixed farming ; has plenty of good timber in the immediate neighborhood; is well drained by a branch of Cook's Creek, and several municipal drains. We have 4,000 acres for sale in this township, some of which are small improved farms which we will sell cheap and on easy terms, which is preferable to going far west and homesteading. Purchasers with limited means should visit this township before purchasing elsewhere.

Tp. 11, Ranges 1 and 2 East.

These are "A 1" townships for farming purposes ; are nicely drained by Sturgeon Creek. The land is well adapted for grain raising in large quantities; is mostly high rolling prairie.

We have in these townships 6,400 acres to sell cheap and on easy terms.

Tp. 11, Ranges 4 and 5.

These townships are directly east of Winnipeg, and are well adapted for mixed farming, having a small percentage of rich hay land, very valuable for stock raising. There are numerous springs and overflowing wells which furnish the very best of water. Bird's Hill station on main line of C. P. R. is situated here. Their close proximity to Winnipeg makes them one of the most desirable localities in Manitoba. We have several highly improved farms for sale cheap and on easy terms, situated on main roads leading to Winnipeg.

Tp. 11, Range 6 East.

This township is situated 15 miles east of Winnipeg; has a soil of first quality. The southerly and centre portions of this township is fine rolling prairie, well drained by coulees and municipal drains. The eastern portion is mostly all timbered with good poplar timber, which makes the prairie land more valuable. This is one of the finest districts in the Province for stock raising. We have in this township over 6,000 acres for sale from \$2 to \$6 per acre.

Tp. 12, Ranges 1, 2 and 3 East.

These townships are open prairie interspersed with hay meadows, and are well adapted for mixed farming. Their close proximity to Winnipeg makes them valuable. With the exception of some salty land, the soil in these townships is good agricultural land. We have in these townships 7,300 acres for sale from \$2 to \$12 per acre.

Tp. 12, Ranges 5 and 6 East.

These townships have a soil of the very best quality for agricultural purposes, having considerable limestone mixed through the land, consequently the soil is of a warmer nature, and ripens the crop fully two weeks earlier than the open prairie land. There are fine groves of poplar, spruce, tamarac and timber for building purposes throughout both townships.

The land is well drained by Cook's Creek and several other smaller creeks emptying into it. Good roads leading to Winnipeg, Bird's Hill and Selkirk. We have in these townships 4,000 acres for sale from \$1.50 to \$6 per acre.

Tp. 13 Ranges 1 and 2 East.

These townships are well adapted for mixed farming or stock raising, having some fine hay meadows running through them. Stonewall, a thriving young village, is situated near the centre, where a settler can get ready market for any farm produce or purchase any article he may want on the farm. We have 2,000 acres for sale in these townships from \$3 to \$7 per acre.

Tp. 13, Ranges 3 and 4 East.

These townships are well adapted for stock raising, having plenty of good hay land, and timber for shelter. There are also several fine ridges running through the townships, where grain raising could be carried on to advantage. We have in these townships 9,000 acres for sale from \$2 to \$5 per acre. Parties looking for stock ranches would do well to examine the land we have in these townships before purchasing elsewhere.

Tp. 13, Range 6 East.

This township has been heavily timbered at one time, but fires have run over it and destroyed a great portion of the timber, leaving the land in good condition for the plow. There are some very fine hay meadows through the township, and considering its close proximity to Selkirk, with Tyndall station on section 11, it is much preferable to purchase land cheap here than go away west and homestead. We are now offering 3,500 acres cheap, and on the very best terms possible.

Besides the above we have lands in nearly every township in the province to range 29 west. Over 1,000,000 acres from \$1.00 an acre upwards. Some good heavy timbered lands close to Winnipeg; also some large blocks for ranching purposes, for sale cheap and on easy terms.
